REPORT DOCUMENTATION PAGE		READ INSTRUCTIONS BEFORE COMPLETING FORM
1. REPORT NUMBER	2. GOVT ACCESSION NO.	3. RECIPIENT'S CATALOG NUMBER
4. TITLE (and Subtitle) WHERE TO FIND IT Information Resource Centers "A Quick Reference Booklet"		5. TYPE OF REPORT & PERIOD COVERED Quick Reference Information Booklet
		6. PERFORMING ORG. REPORT NUMBER
7. AUTHOR(s) Brown, Gloria		8. CONTRACT OR GRANT NUMBER(s) N/A
9. PERFORMING ORGANIZATION NAME AND ADDRESS		10. PROGRAM ELEMENT, PROJECT, TASK AREA & WORK UNIT NUMBERS N/A
11. CONTROLLING OFFICE NAME AND ADDRESS DACS-DMO The Pentagon Washington, DC 20310		12. REPORT DATE September 1983
		13. NUMBER OF PAGES 25
14. MONITORING AGENCY NAME & ADDRESS (if different from Controlling Office) Same as item 9.		15. SECURITY CLASS. (of this report) Unclassified
		15a. DECLASSIFICATION/DOWNGRADING SCHEDULE N/A
16. DISTRIBUTION STATEMENT (of this Report) Approved for public release; distribution.		
17. DISTRIBUTION STATEMENT (of the abstract entered in Block 20, if different from Report) Same.		
18. SUPPLEMENTARY NOTES		
19. KEY WORDS (Continue on reverse side if necessary and identify by block number) Information, Find, Data, and Resource.		
20. ABSTRACT (Continue on reverse side if necessary and identify by block number) The basic purpose of this document is to provide a quick source of reference to the various analytical, contracting and study community. The information contained is condensed and easily accessible.		

INTRODUCTION

This quick reference booklet has been prepared by the Study Program Management Office (SPMO), Office of the Chief of Staff, Headquarters, Department of the Army.

There are many available information resource centers that are not being utilized due to a lack of readily accessible "WHERE TO GO" instructions. The purpose of booklet is to dispell some of the mystery surrounding where and how to access needed and important information with the least possible effort, thereby ensuring that your mission can be accomplished with the most up-to-date resources available.

In an attempt to keep this publication as brief as possible, it is not all inclusive. Additional information sources may be acquired from a copy of "IDA Paper P-1500", available through the Defense Technical Information Center, Cameron Station, Alexandria, Virginia, 22314.

Included in this booklet are the names of information agencies, source of their addresses, telephone numbers and short descriptions of the information that can be obtained through the various agencies.

SPMO encourages users of this booklet to identify additional information resource centers for inclusion in future editions. Also, names and addresses of other users who desire copies sent to them are invited. Provide this information to SPMO Project Officer:

Ms. Gloria J. Brown
HQDA (DACS-DMO)
The Pentagon
Washington, DC 20310
(COM 202-697-0026 or AV 227-0026)

1. AEGIS Data Center

AEGIS Data Center
Naval Surface Weapons Center
Code E33
Dahlgren, VA 22448
(COM 703-663-7398)

NOTES: The AEGIS Data Center is part of the Naval Surface Weapons Center Library System. The Center maintains a collection of technical reports, technical manuals, specifications, plans, letters, memoranda, test reports, status reports, engineering drawings and training aids relevant to the Navy's AEGIS Combat System.

2. Air Force Technical Objectives Documents (TOD)

Unclassified TODs should be ordered from:

National Technical Information Service (NTIS)
5285 Port Royal Road
Springfield, VA 22162
(COM 703-487-4650)

Classified TODs should be ordered from:

Defense Technical Information Center (DTIC)
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-7633)

NOTES: A Technical Objectives Document is a compilation of technical planning objectives within a specific technical area, describing the technical effort that may satisfy an existing or anticipated USAF goal. To stimulate academic, scientific, and industrial organizations to participate in Air Force research and development, the AF Potential Contractors Program provides potential contractors with scientific and technical objectives toward which they can direct their research efforts. These are published annually, about January. TODs are available for reference in the Tri-Service Industry Information Centers.

3. Air University Abstracts of Research Reports

Air University Library (AUL/LDEC)
Maxwell Air Force Base, AL 36112
(COM 205-293-2508)

NOTES: This index is published annually and cites research reports, studies and theses from:

Air War College
Air Command and Staff College
Air Force Institute of Technology
Air University

4. Annual DOD Catalog of Logistics Models

Defense Logistics Studies Information Exchange (DLSIE)
U.S. Army Logistics Management Center
Fort Lee, VA 23801
(COM 804-734-2240)

NOTES: This publication is a catalog of current logistics modeling efforts (planned, in-process, and completed) of current interest to the Department of Defense. It is distributed automatically to defense components which perform or have responsibility for the supervision of logistics research and who have indicated an interest in receiving the catalog. Other government agencies and DOD contractors and grantees may obtain copies upon request to DLSIE. It includes the following indexes: sponsor index, performing organization index, acronym index, secondary coverage index, and specific models descriptors index.

5. Army Administrative Publications

Commander
Army AG Publications Center
2800 Eastern Boulevard
Baltimore, MD 21220
(COM 301-962-7219)

NOTES: Some of these publications may be available for loan from:

Army Library
Pentagon, Room 1A518
Washington, DC 20310
(COM 202-695-5535)

These series include:

AR - Army Regulations
CMH Pub - Center for Military History Publications
Civilian Personnel Publications
DA Cir - Army Circulars
DA Pam - Army Pamphlets
DA Poster - Army Posters
DOD Regulations and Manuals
GO - Army General Orders
Some JCS Pubs - Joint Chiefs of Staff Publications
MISC Pubs - Miscellaneous Publications

6. Army Corps of Engineers Publications

Commanding Officer
Army Corps of Engineers
890 South Pickett Street
Alexandria, VA 22304
(COM 202-274-7771)

NOTES: Some Corps of Engineers manuals are published as Department of the Army Technical Manuals (TM). The Air Force

versions of the EMMCs have been incorporated into the AFM 88xx series. These publications include:

- AR - Corps of Engineers Supplements to Army Regulations
- CE - Corps of Engineers Specifications for Military Construction
- CE-E - Corps of Engineers Guide to Specifications for Emergency Type Construction
- EC - Corps of Engineers Circulars
- EM - Corps of Engineers Manuals
- EMMC - Corps of Engineers Manuals for Military Construction
- ER - Corps of Engineers Regulations
- OM - Corps of Engineers Office Memorandums
- TL - Corps of Engineers Technical Letters

7. Army Doctrinal, Training and Organizational Publications

Commander
Army AG Publications Center
2800 Eastern Boulevard
Baltimore, MD 21220
(COM 301-962-7219)

NOTES: Some of the unclassified publications in this series may be available for loan from:

Army Library
Pentagon, Room 1A518
Washington, DC 20310

These series include:

- ARTEP - Army Training and Evaluation Program
- ASubjScd - Army Subject Schedule
- ATP - Army Training Program
- ATT - Army Training Test
- CTA - Common Table of Allowance
- FM - Field Manual
- FT - Firing Table
- JTA - Joint Tables of Allowance
- ROTCM - Reserve Officers' Training Corps Manual
- TA - Army Table of Allowance
- TC - Training Circular
- TD - Army Tables of Distribution
- TjC - Trajectory Chart
- TOE - Table of Organization & Equipment
- TRADOC BULL - Army Training & Doctrine Command Bulletin

8. Army Operational Test and Evaluation Agency (OTEA) Publications

Unclassified, publicly available reports:

National Technical Information Service (NTIS)
5285 Port Royal Road
Springfield, VA 22161

Classified or limited reports:

Defense Technical Information Center (DTIC)
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-7633)

NOTES: Reports included are:

Field Test Report
Independent Evaluation Report
Technical Note
Test Design Plan

9. Army Qualitative Requirements Information (QRI) Program

U.S. Army Materiel Development and Readiness Command (DARCOM)
Room 8556
5001 Eisenhower Avenue
Alexandria, VA 22333
(COM 202-274-8948)

NOTES: The Army QRI Program is designed for potential Army contractors who have no current defense contracts. Registration in the QRI Program gives the registrant access to DTIC, including limited and/or classified material, and registration with selected Army activities depending on the fields of interest shown on the registration forms.

10. Army Threat Documents

U.S. Army Intelligence and Threat Analysis Center (ITAC)
Technical Information Facility
Room 2204, Building A
Arlington Hall Station
Arlington, VA 22212
(COM 202-692-6381)

NOTES: Should be ordered through channels. Intelligence publications are tightly controlled and special clearances are required for access. Contractors may not request intelligence materials directly, but must submit requests through their contract monitors. All request must include certification of need-to-know.

11. Army War College Publications

National Technical Information Service (NTIS)
5285 Port Royal Road
Springfield, VA 22161
(COM 703-487-4650)

Defense Technical Information Center (DTIC)
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-7633)

Interlibrary (ILL) Loan
U.S. Army War College Library
ATTN: Circulation
Carlisle Barracks, PA 17013
(COM 717-245-4442)

NOTES: The majority of publications are Army War College Student Theses. Other works include research papers, group research projects, cast studies, and essays, and oral histories.

12. Audiovisual Resources, Military

DOD:

Department of Defense
Public Affairs Office
Audiovisual Division
2E773, The Pentagon
Washington, DC 20310
(COM 202-697-1252)

Air Force:

Secretary of the Air Force
SAF/PA, ATTN: SAF01
4C942, The Pentagon
Washington, DC 20330
(COM 202-695-9664)

Army:

Chief of Public Affairs
Office of the Secretary of the Army
ATTN: PID (Audiovisual)
2E641, The Pentagon
Washington, DC 20310
(COM 202-697-7589)

Navy:

Chief of Information
Department of the Navy
ATTN: Audiovisual Division
2E340, The Pentagon
Washington, DC 20350
(COM 202-697-0866)

Marine Corps:

Commandant
Headquarters, Marine Corps
ATTN: Code PAM
Room 1129, Navy Annex
Arlington, VA 20380
(COM 202-694-1492)

Coast Guard:

Commandant (GBPA-1)
U.S. Coast Guard
Washington, DC 20593
(COM 202-426-1855)

NOTES: Audiovisual materials, such as films, are produced by the Department of Defense for training and other purposes. These generally are available to Defense activities on loan. Some also are available to responsible groups, such as television stations, schools, etc.

13. Central Intelligence Agency (CIA) Publications

Department of the Air Force
Assistant Chief of Staff, Intelligence
ATTN: NATC/ACS
Washington, DC 20330

Department of the Army
Assistant Chief of Staff, Intelligence
ATTN: DAMI-AOI
Washington, DC 20310

Commander
Naval Intelligence Command
ATTN: NIC-34
Washington, DC 20350

Defense Intelligence Agency
ATTN: RST-2A
Washington, DC 20301

National Technical Information Service (NTIS)
5285 Port Royal Road
Springfield, VA 22161

Telephone Inquiries: (COM 202-351-1100 or 703-487-4650)

NOTES: This category includes, among other things, the following series:

ER-Ir - Directorate of Intelligence, Intelligence Report
FMSAG/MSIR - Foreign Missile & Space Analysis Center Report
IR - Intelligence Report
NPIC/R - National Photographic Interpretation Central Report
OCI - Office of Current Intelligence Report
OSI-SR - Office of Scientific Intelligence, Scientific Intelligence
OSI-STIR - Office of Scientific Intelligence, Scientific and Technical Intelligence Report
PIR - Photographic Intelligence Report
RR-IM - Office of Research & Reports, Intelligence Memorandum
SR-IM - Office of Strategic Research, Intelligence Memorandum

14. Data Item Description (DID)

Naval Publications and Forms Center (NPFC)
5801 Tabor Avenue
ATTN: Code 301
Philadelphia, PA 11120
(AV 442-3321)

NOTES: DIDs are divided into function categories which most nearly describe the use of the required data, as follows:

A - Administrative/Management
E - Engineering and Configuration Documentation
F - Financial
H - Human Factors
L - Logistic Support
M - Technical Publications
P - Procurement/Production
R - Related Design Requirements
S - System/Subsystem Analyses
T - Test
V - Provisioning

15. Defense Logistics Studies Information Exchange (DLSIE)

Defense Logistics Studies Information Exchange (DLSIE)
U.S. Army Logistics Management Center
Fort Lee, VA 23801
(AV 687-4255/3130)

NOTES: DLSIE products and services are available to authorized users only. This includes DOD components, other Federal agencies and DOD contractors and grantees. The contractors and grantees must submit requests in writing through channels for certification of need-to-know. DLSIE's authority is found in DOD Instruction 5154.19.

16. Defense Mapping Agency (DMA) Catalog of Maps, Charts, and Related Products

DMA Office of Distribution Services
ATTN: DDCP
Washington, DC 20315
(AV 287-2495)

NOTES: A four part catalog providing a comprehensive reference for all DMA maps, charts and related products.

17. Department of Defense Index of Specifications and Standards (DODISS)

Government (DOD) only:

Naval Publications and Forms Center
5801 Tabor Avenue
Philadelphia, PA 19120
(COM 215-697-3321)

All Others:

National Standards Association, Inc. (NSA)
5161 River Road
Washington, DC 20016
(COM 301-951-1310)

Superintendent of Documents
Government Printing Office (GPO)
Washington, DC 20402
(COM 202-783-3238)

NOTES: This index lists the unclassified Federal, Military and Departmental specifications, standards and related standardization documents, and those industry documents which have been adopted for DOD use. International standardization documents are included. It contains three listings:

Alphabetic Listing
Numerical Listing
Federal Supply Class (FSC) Listing

18. Department of Energy/Technical Information Center (DOE/TIC)

Department of Energy
Technical Information Center
P.O. Box 62
Oak Ridge, TN 37830

NOTES: The Technical Information Center is the Department of Energy's central point for:

Report Handling, including collecting, cataloging, announcing and distributing technical reports of DOE-funded research.

Energy Data Base Production, involving maintenance and enhancement of the Energy Data Base which is the world's most comprehensive collection of references to energy-related information, Energy Research in Progress, and other data base services.

Information Retrieval. The Energy Data Base and other specialized databases are accessible by means of an online retrieval system (DOE/RECON) and through production and distribution of various printed products, including abstracts journals, specialized bibliographies and current awareness publications.

Information Outreach provides DOE materials such as pamphlets, brochures, reports, films, and reference tools such as EIRI to DOE Outreach Centers and responds to public requests for such information on behalf of DOE Program Offices.

19. DIALOG - An online database search service

DIALOG Information Services, Inc.
3460 Hillview Avenue
Palo Alto, CA 94304
(COM 800-227-1960 or 800-982-5838)

NOTES: DIALOG is a dial-up search service which makes available more than 120 databases produced by government and non-government sources. Among the databases available through DIALOG are:

Educational Resources Information Center (ERIC) Database
Energy Database (EDB)
Energy Research in Progress (RIP)
NTIS Bibliographic Database

20. Directories of Computer Software Applications

National Technical Information Service (NTIS)
5285 Port Royal Road
Springfield, VA 22161
(COM 703-487-4808)

NOTES: Administration & Management
Aeronautics, Aerodynamics & Aircraft Systems Design
Agriculture & Food
Astronomy & Astrophysics
Atmospheric Sciences
Behavior, Training & Education
Biomedical Technology & Human Factors
Chemistry
Civil and Structural Engineering
Communications
Detection & Countermeasures
Economics and Business
Electrical & Electronics Engineering
Energy
Environmental
Library & Information Sciences
Marine Engineering
Mathematics
Medicine & Biology
Natural Resources & Earth Sciences
Navigation & Guidance
Oceanography
Physics
Space Technology
Transportation
Urban & Regional Technology & Development

21. DOD Manual for Standard Data Elements

Manager, DOD Information Locator System
Information Control Division
Room 4B929, The Pentagon
Washington, DC 20301
(COM 202-697-3446)

NOTES: A current reference source for locating approved data elements for use in forms, reports, databases, or systems throughout DOD. Contains DOD-wide standard data elements.

22. DOD 5000.19.L

Volume 1: Listing of Approved Recurring Information Requirements;
Volume 2: Acquisition Management Systems and Data Requirements
Control List

Volume 1

OSD Publications
Washington Headquarters Services
Washington, DC 20301
(AV 227-1195)

Volume 2: Government agencies:

Naval Publications and Forms Center (NPFC)
5801 Tabor Avenue
Philadelphia, PA 19120
(AV 442-3321)

Volume 2: All others:

Director (Code NPA)
Naval Publications and Printing Service 4ND (NPPS)
700 Robbins Avenue
Philadelphia, PA 19111
(AV 442-2971)

NOTES:

Volume 1 contains a three-part listing: (1) approved OSD-prescribed recurring information requirements, (2) recurring interagency reporting requirements, and (3) recurring DOD public-use reports.

Volume 2 contains a listing of OMB and DOD approved acquisition management systems/source documents and data item descriptions (DIDs) available for contractual application. It is composed of four parts: (1) source documents, (2) data item descriptions, (3) keyword index of data item descriptions, and (4) cancelled/superseded list (2 sections).

23. DOD Bibliography of Logistics Studies and Related Documents

Defense Logistics Studies Information Exchange (DLSIE)
U.S. Army Logistics Management Center
Fort Lee, VA 23801
(COM 804-734-2249 or 734-4255)

NOTES: This bibliography contains information relating to current logistics studies efforts, those that are planned and in-process or have been completed within the past 2 years. It is supplemented by three quarterly publications. The annual bibliography and the quarterly supplements contain the following indexes: table of contents, performing organization index, contractor index, subject category index, subject index, and logistics document (LD) index.

24. DOE/RECON

Technical Information Center, Department of Energy (DOE/TIC)
P.O. Box 62
Oak Ridge, TN 37830
(COM 615-576-1272)

NOTES: DOE/RECON is the Department of Energy's on-line retrieval system which makes available the energy databases produced by the Technical Information Center. Over one million references to energy-related information from books, reports, patents, journals and conference proceedings are accessible via DOE/RECON. In addition to bibliographic databases, files containing descriptions of energy research projects sponsored by the Department of Energy are also accessible. Other databases on the DOE/RECON system are: Environmental Mutagens, Radiation Shielding, Nuclear Safety Information, Water Resources Abstracts, Federal Energy Data Index, and the National Energy Software Center files.

25. Defense Technical Information Center

Defense Technical Information Center
Building 5, Cameron Station
Alexandria, VA 22314

Area Code 202 and 274 before the numbers noted below or AUTOVON preface 284.

General information	7633
Bibliographies, report	6867
Briefings and tours	6892
Deposit Accounts	7633
DTIC Digest (orders)	6871
Library	6833
Limited documents	6871
Online System, inquiries	7709
Orders, documents	7633

Reference for DOD sponsored documents not available from DTIC Technical Report identification	7633
Registration for services	6871
Visitor clearances	6907
To leave a message during non-business hours	6811

NOTES: DTIC products and services are available to registered users only. For information, write or call DTIC.

26. DTIC Current Awareness Bibliography (CAB)

Defense Technical Information Center
ATTN: DTIC/TOS
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-7206 or AV 284-7206)

NOTES: An individual bibliography is prepared every two weeks based on the user's subject-interest profile which is matched against information about newly acquired documents.

27. DTIC Defense RDT&E Online System (DROLS)

Defense Technical Information Center
DTIC Online Users Project Office, DTIC/SM
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-7709)

NOTES: This system is a network of remote terminal stations linked to DTIC's central computer providing instant visual display of data from the four major databases: The Technical Reports (TR) Data Bank, the R&D Work Unit Information System (WUIS), and the R&D Program Planning (R&DPP) Data Bank and the Independent Research and Development (IR&D) Data Bank. Each of the Data Banks is discussed in more detail in a separate entry for each title. The Systems Project Office provides support for online system users - training, problem-solving and continuing update. For more information on the availability of remote access terminals contact this office at the address/telephone above. At this time there are three installations around the United States which offer search services to registered users who do not have a terminal in-house. See DTIC Online Service Facilities for more information. Interested prospective contractors and grantees should also call the Systems Project Office to learn about the special program for those who do not have a current contract or grant with DOD.

28. DTIC Independent Research & Development (IR&D) Data Bank

Bibliographies will be prepared by the DTIC staff on demand.
Contact:

Defense Technical Information Center
ATTN: DTIC/TOD
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-6867)

Questions about online access or the database system should be directed to:

Defense Technical Information Center
DTIC Online Support Office, DTIC/SM
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-7709)

NOTES: This is a data bank of information describing the technical programs being performed by DOD contractors as part of their independent research and development programs. This research is not wholly funded by a DOD agreement; therefore it is considered proprietary information. It is available to DOD agencies and selected U.S. Government agencies only.

29. DTIC Referral Data Bank

Defense Technical Information Center (DTIC)
ATTN: DTIC/DDR
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-6871)

NOTES: This is a data bank of Government-sponsored activities specializing in scientific and technical information services not available in DTIC. The program was designed to supplement the documentation services offered by DTIC. An unclassified directory is published periodically containing detailed descriptions of each activity, including mission, scope and the services provided. It is available from DTIC and NTIS. The data bank is included in the TR Data Bank. The citations cannot be selected and viewed online but may be ordered as part of a bibliography.

30. DTIC Work Unit Information System (WUIS)

Defense Technical Information Center
ATTN: DTIC Online Support Office, DTIC/SM
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-7709)

NOTES: This is a collection of technically-oriented summaries describing research and technology projects currently in progress at the work unit level. It includes information concerning the what, when, how, at what cost, by whom and under whose sponsorship research is being performed. It is available to all registered DTIC users.

31. Energy Research Abstracts (ERA)

Superintendent of Documents
Government Printing Office (GPO)
Washington, DC 20402
(COM 202-783-3288)

NOTES: Energy Research Abstracts is a semimonthly periodical that provides abstracting and indexing coverage of all scientific and technical reports, journal articles, conference papers and proceedings, books, patents, these and monographs originated by the U.S. Department of Energy, its laboratories, energy centers, and contractors. ERA is comprehensive in its subject scope, encompassing DOE's research, development, demonstration, and technological programs resulting from its broad charter for energy sources, conservation, safety, environmental impacts and regulation. ERA also covers other energy information prepared in report form by federal and state government organizations, foreign governments, and domestic and foreign universities and research organizations.

32. Energy Research Progress (RIP) Database

Technical Information Center
Department of Energy (DOE/TIC)
P.O. Box 62
Oak Ridge, TN 37830
(COM 615-576-1155)

NOTES: Energy Research in Progress Database contains descriptions of energy research projects sponsored by the Department of Energy. The Database also contains energy-related environmental projects sponsored by other government agencies and private industrial and research organizations. Subject categories used to describe the RIP database are defined in DOE/TIC-4584-R4 and the controlled vocabulary used to index the database in EDB Subject Thesaurus (DOE/TIC-7000-R5).

33. Energy Updates

National Technical Information Service (NTIS)
5285 Port Royal Road
Springfield, VA 22161
(COM 703-487-4650)

NOTES: To provide complete coverage of literature related to major Department of Energy programs, announcements publications are regularly issued. The series include:

- Current Energy Patents
- Energy and the Environment
- Energy Conservation Update
- Fossil Energy Update
- Geothermal Energy Update
- Solar Energy Update
- Synthetic Fuels Update

34. General and Practical Energy Information Database (GAP)

Technical Information Center
Department of Energy (DOE/TIC)
P.O. Box 62
Oak Ridge, TN 37830
(COM 615-576-1155)

NOTES: The General and Practical File contains references to popular scientific and technical and "how-to-do-it" informational materials, primarily mass media products prepared for the public or the layman, as well as references to management information helpful to industry, government and the general public.

35. Government-Industry Data Exchange Program (GIDEP)

GIDEP Operations Center
Fleet Analysis Center (FLTAC)
Corona, CA 91720
(COM 714-736-4677 or AV 933-4677)

NOTES: The GIDEP is a cooperative activity between Government and Industry participants seeking to reduce or eliminate expenditures of time and money by making maximum use of existing knowledge. Participants in GIDEP are presently provided access to four major data banks listed below.

The Engineering Data Bank (EDB)
The Reliability-Maintainability Data Bank (RMDB)
The Metrology Data Bank (MDB)
The Failure Experience Data Bank (FEDB)

36. Government Printing Office (GPO)

Superintendent of Documents
Government Printing Office (GPO)
North Capitol and H Streets, N.W.
Washington, DC 20402
(COM 202-275-3050)

NOTES: GPO is a central source for government documents published by the Executive, Legislative and Judicial branches of the Federal government. Many DOD pamphlets, manuals and standards are available from GPO.

37. Index of United States Voluntary Engineering Standards and Supplements

National Technical Information Service
5285 Port Royal Road
Springfield, VA 22161
(COM 703-487-4650)

NOTES: This index covers standards, specifications, test methods and recommended practices issued by national standards organizations in the United States.

38. Information Analysis Centers (IAC)

The IACs are:

Chemical Propulsion Information Agency (CPIA)
The John Hopkins University
Applied Physics Laboratory
Chemical Propulsion Information Agency
Johns Hopkins Road
Laurel, MD 20810
(COM 301-953-7100, ext. 7800)

Coastal Engineering Information Analysis Center
Coastal Engineering Research Center
Kingman Building
Fort Belvoir, VA 22060
(COM 202-325-7012)

Cold Regions Science and Technology Information Analysis Center
Army Cold Regions Research and Engineering Laboratory
P. O. Box 282
Hanover, NH 03755
(COM 603-643-3220)

Concrete Technology Information Analysis Center
Army Engineer Waterways Experiment Station
P. O. Box 631
Vicksburg, MS 39180
(COM 601-634-3264)

Data and Analysis Center for Software (DACS)
IIT Research Institute
Rome Air Development Center
Griffiss AFB, NY 13441
(COM 315-330-3395)

DOD Nuclear Information and Analysis Center (DASIAC)
KAMAN TEMPO
816 State Street
Santa Barbara, CA 93120
(COM 805-963-6441)

Hydraulic Engineering Information Analysis Center
Army Engineer Waterways Experiment Station
P. O. Box 631
Vicksburg, MS 39180
(COM 601-634-3368)

Infrared Information and Analysis Center (IRIA)
Environmental Research Institute of Michigan
Box 8618
Ann Arbor, MI 48107
(COM 313-994-1200, ext. 214)

Mechanical Properties Data Center (MPDC)
Battelle-Columbus Laboratories
505 King Avenue
Columbus, OH 43201
(COM 614-424-4425)

Metal Matrix Composites Information Analysis Center (MMCIAC)
KAMAN TEMPO
816 State Street
P. O. Drawer QQ
Santa Barbara, CA 93102
(COM 805-963-6497)

Metals and Ceramics Information Center (MCIC)
Battelle-Columbus Laboratories
505 King Avenue
Columbus, OH 43201
(COM 614-424-4425)

Nondestructive Testing Information Analysis Center (NTIAC)
Southwest Research Institute
6220 Culebra Road
P. O. Drawer 28510
San Antonio, TX 78284
(COM 512-684-5111, ext. 2362)

Pavement & Soils Trafficability Information Analysis Center.
Army Engineer Waterways Experiment Station
P. O. Box 631
Vicksburg, MS 39180
(COM 601-634-2795)

Plastics Technical Evaluation Center (PLASTEC)
U.S. Army Armament Research and Development Center
Picatinny Arsenal
Dover, NJ 07801
(COM 201-328-4222)

Reliability Analysis Center (RAC)
Illinois Institute of Technology Research Institute (IITRI)
Rome Air Development Center
RBRAC
Griffiss Air Force Base, NY 13441
(COM 315-330-4151)

Shock and Vibration Information Center
Naval Research Laboratory
Code 8404
Washington, DC 20375
(COM 202-767-2220)

Soils Mechanics Information Center
Army Engineer Waterways Experiment Station
P. O. Box 631
Vicksburg, MS 39180
(COM 601-634-2640)

Tactical Weapons Guidance and Control Information and
Analysis Center (GACIAC)
Illinois Institute of Technology Research Institute (IITRI)
10 West 35th Street
Chicago, IL 60616
(COM 312-567-4544)

Thermophysical and Electronic Properties Information Analysis
Center (TEPIAC)
Center for Information and Numerical Data Analysis and
Synthesis (CINDAS)
Purdue University
2595 Yeager Road
West Lafayette, IN 47906
(COM 317-494-8486)

Other similar centers are:

Advisory Center on Toxicology
Division of Chemistry and Chemical Technology
NAS-NAE-IOM-NRC
2101 Constitution Avenue, N.W.
Washington, DC 20418
(COM 202-389-6751)

Aerospace Structures Information and Analysis Center (ASIAC)
Air Force Flight Dynamics Laboratory/FBR (ASIAC)
Wright-Patterson Air Force Base, OH 45433
(COM 513-255-6688)

Data Collection and Processing Group
Scripps Institution of Oceanography
Mail Code S-001
La Jolla, CA 92093
(COM 714-452-4420)

Environmental Information Division
OL/000A 3636th Combat Crew Training Wing
Air Training Command
Maxwell Air Force Base, AL 36112
(COM 205-293-5373)

Institute of Polar Studies
Ohio State University
125 South Oval Mall
Columbus, OH 43210
(COM 614-422-6531)

Machinability Data Center (MDC)
3980 Rosslyn Drive
Cincinnati, OH 45209
(COM 513-271-9510)

NOTES: Information Analysis Centers are responsible for collecting, storing, reviewing, evaluating, and synthesizing information in formats most useful to scientists, engineers, and technicians. The Centers are highly selective in their information gathering. The Centers' information sources include: technical reports from DOD, other Government agencies, industry, academic institutions; open literature including foreign sources; unpublished papers, meetings, etc. The Centers generally offer the following categories of products/services:

Technical Inquiry Service
Bibliographic Inquiry Service
Scientific and Engineering Reference Works
State-of-the-Art Reports
Critical Reviews and Technology Assessments
Current Awareness

These Centers serve primarily the Defense scientific and technical community and secondarily other Government Agencies. They are also authorized to serve the private sector of industry to the extent feasible within these priorities.

39. Manpower and Training Research Information System (MATRIS)

Defense Technical Information Center
MATRIS Office, San Diego
ATTN: DTIC-R
San Diego, CA 92152
(COM 619-255-2056 or AV 933-2056)

NOTES: MATRIS is an automated decision support system. It advances the coordination of Manpower and Personnel Training (MPT) technology R&D. The system provides detailed data on planned, on-going and recently completed MPT program elements, projects and work units. MATRIS expands the management support services provided by other R&D management information systems. MATRIS capabilities include:

Providing interactive access to a single source of accurate, service-wide MPT R&D data.

Monitoring and tracking the R&D process as it occurs.

Tracking and managing research efforts and funding allocations according to service, budget categories, congressional categories, DOD goals and other classifications.

Stating expected and actual benefits of MPT R&D.

Identifying gaps and/or redundancies in MPT programs and research efforts.

Providing flexible output formats and data searches by indexed key word and full text scanning.

Fulfilling the unique needs of a diverse user community by manipulating and presenting R&D data in a variety of formats and levels of detail.

MATRIS was created by and for the DOD user community. It is a dynamic system. Its effectiveness will not diminish. Provisions made during MATRIS's design and development enhance the accuracy and timeliness of the database.

40. NASA/RECON Database

NASA Scientific and Technical Information Facility (NASA/STI Facility)
P. O. Box 8757
BWI Airport, MD 21240
(COM 301-796-5300)

NOTES: NASA/RECON is a computerized, online, interactive system for information search and retrieval. It enable users at remote locations to interact directly with the central scientific and technical information database maintained at NASA/STI Facility. This database includes all the citations from NASA's STAR and International Aerospace Abstracts, providing worldwide coverage of materials of interest to the aerospace community.

41. National Audiovisual Center

National Audiovisual Center
National Archives and Records Service
General Services Administration
Reference Services Administration
Washington, DC 20409
(COM 301-763-1896)

NOTES: The National Audiovisual Center is the CENTRAL SOURCE for information about federally-produced audiovisual programs available to the public. The collection now includes more than 13,000 titles produced by 300 Federal Agencies. The Center's Reference Section responds quickly to telephone and/or written requests for information. They provide research about audiovisuals using their computerized Master Data File. They also provide free information lists, catalogs and special brochures covering the following major subject categories:

Agriculture
Alcohol/Drug Abuse
Business/Government Management
Career Education
Consumer Education
Dentistry
Emergency Medical Services
Fire/Law Enforcement
Flight/Meteorology
Foreign Language Instruction
History
Industrial Safety
Library/Information Science
Medicine
Nursing
Science
Social Issues
Social Science
Space Exploration
Special Education
Vocational Education.

42. National Technical Information Service

National Technical Information Service (NTIS)
5285 Port Royal Road
Springfield, VA 22161
(COM 703-487-4600)

NOTES: NTIS makes available for sale to the public, government and government-sponsored research and development reports. Among the NTIS services available are:

NTIS Search - A computer-run subject search of the NTIS data base.
SRIM/Profile - A program of automatic distribution of microfiche copies of documents tailored to the customer's subject profile.

43. ORBIT - An Online Database Search Service

System Development Corporation (SDC)
2500 Colorado Avenue
Santa Monica, CA 90406
(COM 800-421-7229)

NOTES: ORBIT is a dial-up search service which makes available a number of databases produced by government and non-government sources. Among the databases available through ORBIT are:

Educational Resources Information Center (ERIC) Database
Energy Database (EDB)
Energy Research in Progress (RIP)
NTIS Bibliography Database

44. Strategic Studies Institute Publications

National Technical Information Service (NTIS)
5285 Port Royal Road
Springfield, VA 22161
(COM 703-487-4650)

Defense Technical Information Center (DTIC)
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-7633)

Interlibrary (ILL) Loan:

U.S. Army War College Library
ATTN: Circulation
Carlisle Barracks, PA 17013
(COM 717-245-4442 or AV 242-4442)

NOTES: The Strategic Studies Institute, an element of the U.S. Army War College, conducts studies on the nature and use of the U.S. Army during peace and war. It supports Army participation in interservice decisions on broad issues of national security, addresses major concerns for which an independent, internal study capability is needed, and contributes independent studies and analyses on issues of current and future interest to the Army.

45. Technical Area Descriptions (TAD)

Defense Technical Information Center (DTIC)
Building 5, Cameron Station
Alexandria, VA 22314
(COM 202-274-7633)

NOTES: TAD is an annual management overview of the Technology Base program, which covers basic research, exploratory development and some advanced development programs.

46. Tri-Service Industry Information Centers

These Centers are located at:

Headquarters, U.S. Army Materiel Development and Readiness
Command (DARCOM)
Room 8556, 5001 Eisenhower Avenue
Alexandria, VA 22333
(Army COM 202-274-8948)
(Air Force COM 202-274-9305)
(Navy COM 202-274-9315)

Office of Naval Research
NARDIC - Naval Ocean Systems Center
1030 East Green Street
Pasadena, CA 91106
(Navy-NARDIC COM 213-792-5182)
(Army COM 213-792-7146)
(Air Force COM 213-792-3192)

Air Force Midwest Information for Industry Office (MIFI0)
Wright-Patterson Air Force Base, OH 45433
(Air Force COM 513-258-4259)
(Navy COM 513-258-4261)

NOTES: Tri-Service Industry Information Centers are the focal points within the Departments of the Army, Navy and Air Force for making available to industry information regarding research and development planning requirements.
